- Art. 19. To see if the Town will vote to raise \$3,500.00 for interest on notes.
- Art. 20. To see if the Town will vote to adopt Resolution A:

Whereas, certain areas of Lempster are subject to periodic flooding and mud slides from (Streams, Rivers, Lakes), causing serious damages to properties within these areas; and

Whereas, relief is available in the form of Federally subsidized flood insurance as authorized by the National Flood Insurance Act of 1968; and

Whereas, it is the intent of this Board of Selectmen to require the recognition and evaluation of flood and mud slide hazards in all official actions relating to land use in the flood plain areas having special flood and mud slide hazards; and

Whereas, this body has the legal authority to adopt land use and control measures to reduce future flood losses pursuant to (CITE APPROPRIATE SECTION OF STATE LAW AND ANY OTHER RELEVANT AUTHORITY);

NOW, THEREFORE, BE IT RESOLVED, that this Board of Selectmen hereby:

1. Assures the Federal Insurance Administration that it will enact as necessary, and maintain in force for those areas having flood or mud slide hazards, adequate land use and control measures with effective enforcement provisions consistent with the Criteria set forth in Section 1910 of the National Flood Insurance Program Regulations; and

2. Vests Selectmen with the responsibility, authority, and means to:

(a) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special floodland mud slide hazards on available local maps of sufficient scale to identify the location of building sites.

(b) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain area.

(c) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain areas, and cooperate with neighboring communities with respect to management of adjoining flood plain areas in order to prevent aggravation of existing hazards.

(d) Submit on the anniversary date of the community's initial eligibility an annual report to the Administrator on the progress made during the past year within the community in the development and implementation of flood plain area management measures.

3. Appoints Selectmen to maintain for public inspection and to furnish upon request a record of elevations of the lowest floor of all new or substantially improved structures located in the special flood hazard areas. If the lowest floor is below grade on one or more sides, the elevation of the floor immediately above must also be recorded.
4. Agrees to take such other official action as may be reasonably necessary to carry out the objectives of the program.

**Art. 21. To see if the Town will vote to adopt Resolution B:**

Whereas, Lempster has adopted and is enforcing cite Building Code, and;

Whereas, Section 1910 of the National Flood Insurance Program Regulations of the aforesaid prohibits any person, firm or corporation from erecting, constructing, enlarging, altering, repairing, improving, moving or demolishing any building or structure in the Flood Prone Area without first obtaining a separate building permit for each building or structure from the Building Inspector.

Whereas the Building Inspector must examine all plans and specifications for the proposed construction when application is made to him for a building permit.

**NOW, THEREFORE, BE IT RESOLVED** by the Selectmen of Lempster: as follows:

1. That the Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a location that has a flood hazard, any proposed new construction or substantial improvement (including prefabricated and mobile homes) must (i) be designed (or modified) and anchored to prevent flotation, collapse, or lateral movement of the structure, (ii) use construction materials and utility equipment that are resistant to flood damage, and (iii) use construction methods and practices that will minimize flood damage; and
2. That the Building Inspector shall review subdivision proposals and other proposed new developments to assure that (i) all such proposals are consistent with the need to minimize flood damage, (ii) all public utilities and facilities, such as sewer, gas, electrical, and water systems are located, elevated, and constructed to minimize or eliminate floor damage, and (iii) adequate drainage is provided so as to reduce exposure to flood hazards; and

3. That the State Water Pollution Board shall require new or replacement water supply systems and/or sanitary sewage systems to be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and require on-site waste disposal systems to be located so as to avoid impairment of them or contamination from them during flooding.

Art. 22. To see if the Town will vote to have Articles and their vote in Annual Reports of the town, and eliminate summary of taxable property not required in the Report.

Art. 23. To see if the Town will vote to have the Selectmen sell the Old Dodge Truck by sealed bid.

Art. 24. To see if the Town will vote to appropriate from Revenue Sharing Fund \$5,189.20 for the purpose of tax Mapping, and transfer to the General Administration Account.

Art. 25. To see if the Town will vote to appropriate \$300 for the expense of The Planning Board.

Art. 26. To see if the town will vote to establish a conservation commission under the provisions of R.S.A. 36A, and that the Selectmen shall appoint said commission, to consist of (seven) members, within 30 days of the said annual meeting, and that said selectmen shall also designate, for the purpose of calling the first commission meeting, a temporary chairman.

Art. 27. To see if the Town will vote to raise \$176.00 for the control of White Pine Blister Rust.

Art. 28. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 30th day of January in the year of our Lord nineteen hundred and seventy-seven.

We have examined the accounts and records of the Revenue Sharing Fund of the Town of Lempster, N.H. for the fiscal year ended December 31, 1976 (June 30, 1977).

In our opinion, the above Statement of Revenue, Appropriations, Encumbrances, and Available Unobligated Funds presents fairly the revenue, expenditures and encumbrances incurred, and status of Revenue Sharing Funds of the Town of Lempster, N.H. for the year ended December 31, 1976 (June 30, 1977).

February 12, 1977

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the Town of Lempster and find them correct in all respects.

## LIBRARIAN'S REPORT - 1976

The support of the townspeople has allowed the Library to keep on growing this year. We have added many new books and records. Every three months we choose a minimum of 120 books from the State Bookmobile.

The front of the building was painted this summer, thanks to our very active Friends of the Library group. They also have other projects underway.

Respectfully submitted,

Rachel L. Tirrell

**BICENTENNIAL GUIDE**  
**December 13, 1976**

Our annual report, enclosed, will summarize for you what the region association has been accomplishing over the past year and will support our request for an appropriation from the town of Lempster.

As you will note, we are again applying the formula of 5¢ per resident plus .001 of one percent of equalized evaluation. Because both population and property values have risen in the past year, the formula figure of \$106 is slightly higher than last year.

As you know, Lempster shares in the distribution of Rooms and Meals Tax revenue and in 1975 received \$2,467 from the state of New Hampshire in unrestricted funds. By encouraging vacation travel in the region and state, we help to generate this revenue; it seems appropriate that we ask for a small fraction of it to help carry on our program.

We urgently request that this figure be included in the budget you approve. If it is not, then we ask you to insert the following article in your town warrant:

*To see if the town will vote to appropriate the sum of one hundred-six dollars (\$106) as its share of the cost of publicizing and promoting the natural attractions of the Dartmouth-Lake Sunapee Region.*

We do not have a councilor from Lempster, though we have asked that one be appointed. If we can provide you with further information, please call on us. Your support and help will be deeply appreciated.

Sincerely,

Mary Dulmage, Executive Director

## LEMPSTER BICENTENNIAL COMMITTEE - 1976

The Lempster Bicentennial committee would like to thank all town's people who helped in any way to make us a true Bicentennial community. We would hope that this spirit will continue long after the bicentennial has past.

The town quilt was finished for Old Home Day and was entered in a state wide quilt display in Goffstown, N.H.

The flower plantings at both Lempster Street Town Hall, the Information Booth, the Library, the sign at Lempster Street common and Olive Drew's store, were begun in the spring and cared for all season.

The scroll of Rededication to the Declaration of Independence, signed by over 200, was delivered on horseback by Elaine Harrison and Patty Nash, to the Wagon Train Pilgrimage in Henniker, to be taken to Valley Forge.

The committee sponsored an Old Fashioned Picnic up at Long Pond, following the National bell ringing ceremony at 2:00 P.M. on July 4th.

Bicentennial medals 1, 2, 3 were auctioned off and the die broken, at the 1976 Old Home Day Festivities, which were attended by so many old friends. All medals have been sold except for a limited number of bronze.

The Little Red Wagon was brought to town by the committee, and was fun for all ages. It is a touring puppet and acting company from U.N.H.

Work is continuing on the park and playground next to the town hall. Swings were put up for summer, and other plans in the making. Renovation continues on the Town Hall. The floors in Union Hall were sanded down and refinished.

We have applied for the Town Hall to be designated as a National Historic site. Largely due to the extensive research done by Russell Sanborn for us, we hope it will be accepted.

The Bicentennial Committee hopes to see a Lempster Historical Society organize, with a site to store and display artifacts of interest. Watch the papers for the announcement of the first meeting.

With the funds that are left in the treasury, we are considering several other community projects.

Respectfully,  
Committee Members:

**UPPER VALLEY LAKE SUNAPEE COUNCIL**  
**MEMORANDUM**  
**Membership Dues for Next Year**

Several of you have asked, for budget purposes, what the Council will be requesting for its Fiscal Year 1978 - your municipal budget year 1977.

The Council director/representatives have voted to "hold the line" for the third consecutive year and request the same 69 cents per capita figure it requested for both 1975 and 1976. The figures are based on the official New Hampshire State Office of Comprehensive Planning resident population figures used for Rooms and Meals Tax distribution. With those in hand, we have now worked up the requests per the enclosed sheet and would ask that you use the enclosed figure for preliminary budget estimates. We will, of course, provide more detailed information for your budget committee at the appropriate time.

Per your representatives' hold the line decision, you will note that the only changes from last year to this are due to state estimates of population changes, estimates over which our Council has no control. For present member municipalities this will represent an increase of \$444, or 1.6% of present dues.

Our office or your appointed representative would be pleased to respond to any questions about the request or membership dues system.

James M. Wechsler

**LEMPSTER PLANNING BOARD REPORT**  
**February 1, 1977**

The Planning Board had a very active year. Using the subdivision regulations adopted last year, the board has reviewed many applications for subdivision. After all supportive material and final plats were received, and abutter's hearings held, the board approved the following plats. Major subdivision (into three or more parcels): that of Edward J. Bruno. Minor subdivisions (into two parcels): those of Mark Edson, Ernest Johnson, George and Jeanne Fijux, Edith Leete Est., Dorothy W. Kepner, and Eleanor Hadlock.

The following subdivisions are, at this time, incomplete and have therefore neither been approved nor disapproved. Major subdivisions: those of Vincent Volpe and Arline Allen. Minor subdivision: that of Edward and Marion Kosotsky.

The following properties were approved as annexations under the regulations: those of Theodore Cole to Camp Kirkham Corp, and that of lot 15 to lot 12, Woodland Manor.

In accordance with the Flood Plain Building Code and with recommendation of building inspector Charles S. Dow, the following building permits were approved by the board for construction in the HUD-designated flood plain areas: to Arthur Mertons, Brian Wright and Steve Fellows.

During the past year, several members of the Planning Board attended legal seminars in Marlborough, sponsored by the N.H. Municipal Association and conducted by various lawyers from the state. The purpose of these meetings was to familiarize planning boards and selectmen with the latest legal knowledge and practices within New Hampshire, relative to municipalities. These were found to be very helpful.

Currently the board is up-dating the Flood Plain Map and has considered the adoption of a Highway Access Ordinance pertaining to the construction of new driveways in the town. In addition, and over the next few years, the board will formulate a long-reaching plan for future growth and orderly development in Lempster. Planning boards across the state are formulating their own state-mandated plans which are then presented to the voters at Town Meeting. By working with agencies within both the town and the region, the board will consider current resources, attitudes and goals. With outside developmental pressure becoming more intense each year, this allows the town to decide its own course, rather than letting others decide for it.

We are happy to report that through the system of user fees, the Planning Board was self-supporting this year and, in fact, returned money to the town treasury.

Lastly, we would like to thank Sullivan County Engineer Leon Geil and Regional Planner Robert Ward and the Upper Valley-Lake Sunapee Council for their untiring technical assistance to the board this year.

Planning Board meetings are held the first Monday of each month at 7:30 p.m. at the office in East Lempster. All are encouraged and welcome to attend.

Respectfully,

William M. Hamilton, Chairman

**NEWPORT AREA HOME HEALTH AGENCY REPORT**  
**December 22, 1976**

To Town Manager, Board of Selectmen and Budget Committee:

This letter is meant to accompany the 1977 budget for the Newport Area Home Health Agency. This year we are requesting \$1.50 per capita which is the same as last year. Each town serviced by the agency will be assessed at the same rate. Any individual who is a citizen of the towns covered by the agency who requests services not provided by the agency will be referred to a service which can help him or her.

Certain items in our proposed budget are higher than last year's figures such as salaries, rent, telephone, dues and subscriptions and insurance. We have hired two directors and have found to find and keep qualified personnel it is necessary to pay salaries in line with other nursing salaries in the state. We are slowly raising our salaries for the full and part-time R.N.s' comparable to those at Newport Hospital.

Our new director, Mrs. Roberta Leary, possesses a B.S. in nursing as well as five years experience in Public Health in Norwalk, Connecticut. She comes to us with excellent recommendations. To employ nurses of this caliber, one must pay in accordance with guidelines set up for the New England area.

We have had two moves which in part explains rent and telephone increases, and as in most areas of health services, malpractice insurance rates have increased, both for nursing and for agency liability.

It cannot be over emphasized that the Federal Grant obtained during the latter part of 1976 and to cover 1977 is a one time only, non renewable grant and has rigid restrictions on its use. The monies from this grant cannot be used for the maintenance and day to day operational expenses of the agency.

In 1976 we offered immunization clinics held every other month. Three hundred children were seen and a total of 700 immunizations administered.

In our monthly Well Child Clinics over 100 children have been seen on a continuing basis.

There were approximately 1420 visits to patients in 1976. These patients not covered by insurance (Medicare, Medicaide, Blue Cross/Blue Shield) were paid for in accordance with the sliding scale based on ability to pay. No one ever was refused services because of inability to pay.

Mr. Barbara Ashford, R.P.T. made 300 visits during 1976 in which patients were aided in regaining the use of muscles rendered weak because of strokes, fractures, etc.

We feel that we are rendering to all participating towns a much needed service. Patients no longer need to spend as much time in the hospital as they can recover more rapidly at home in familiar surroundings.

Very truly yours,

Eleese B. Conroy  
President, Board of Trustees

**NEWPORT AREA HOME HEALTH AGENCY**  
**31 A Main Street**  
**Newport, New Hampshire 03773**

1976 has been a year of growth and change for the Newport Area Home Health Agency. Our services to the towns of Newport, Croydon, Newbury, Lempster and Unity include skilled nursing care ordered by a doctor (injections, dressings, blood pressure monitoring), preventive services, patient education and rehabilitation instruction.

Our nurses have provided instruction and guidance to expectant mothers, to new mothers and those having infants with special needs, to those seeking family planning information, to the handicapped and the elderly.

Referrals come to the agency from Doctors, hospitals, other community agencies, and concerned residents of the towns. Many of our nursing services are covered by Medicare, Medicaid, private insurances, or direct patient fees (which are arranged on a sliding scale). No services are refused due to inability to pay, and situations which require other community services are referred by the agency.

Free immunization clinics are held every other month (total **300** children received **700** immunizations) and monthly Well-Child Clinics are held to provide pre-schoolers with physical exams, laboratory tests, immunizations and parental counseling. Eligibility for WCC is based on financial status. **100** children were enrolled with a total of **250** visits.

Physical Therapy is provided in the home when indicated by a Registered Physical Therapist who made **300** visits in the past year.

The agency staff (one full-time and three part-time RNs, one full-time and one part-time secretary) have been busy this year adding a Dental screening clinic to the services and working hard to establish the WIC program of nutrition supplements and a Family Planning service. We are hopeful these will become available during 1977.

With the increase of early hospital discharges the agency works closely with area hospitals as well as Mary Hitchcock Medical Center (total **1420** visits) and participates in ongoing Staff Education programs, seminars, and workshops to continually update our professional skills and provide the best possible care for our patients.

In October, we received a one time, non-renewable grant for the purpose of expanding our services for the elderly and those not presently under medical care.

We appreciate the support we have received from the area towns in the past and encourage you continued involvement with the agency.

Respectfully,      Roberta Leary, RN      Director

## NEWPORT AMBULANCE SERVICE REPORT

The Newport Ambulance Service answered 494 calls during 1976. The Ambulance Service, the vehicles, and the crew members are all licensed with the state and meet all regulations. The members are licensed "Emergency Medical Technicians", and Advanced Red Cross members.

Coverage to the area towns has continued this year. Each town that we have covered with service has helped to support the Ambulance Service with tax assistance based on population, at \$2.00 per head. The Ambulance Service hopes to continue service to all communities in our area again in 1977.

The Ambulance Service has also responded to all major fires, in all communities. This is added protection of life and limb to all concerned.

The Newport Police Department has continued to serve as our dispatcher and has proven very valuable to our service and response time. Our telephone number for emergencies is 863-2355.

The crew consists of: Royal Wallace III, Director; Albert Gobin, Paul Duling, Orren Barton, Mike Patten, Walt Patten, Tom Clough, Gordon Blood, Babe Frye, Terry Frye, Sandra Wallace, Robert Billings, Warren Jensen, Arthur Harris, Jerri-Sue Young, and Gary Nichols.

## REPORT OF DISTRICT FIRE CHIEF AND TOWN FOREST FIRE WARDEN

Since its beginning in 1893, the State Forestry Department has recognized the fact that forest fire prevention and suppression is a joint state and town or city responsibility. Local authorities recommend names of persons to the State Forester, who appoints one person as town or city fire warden and several other persons as town or city deputy fire wardens to a three year term.

The local forest fire warden controls the kindling of all outside fires, when the ground is not covered with snow, by issuing a written permit for kindling a fire. Permits are only issued at such times and in such places as the fire warden deems as safe.

The State Forest Fire Service trains the local forest fire organization in modern forest fire prevention and suppression tactics. The State also provides backup personnel and equipment for suppression and prevention activities.

The combination of State and local forces has resulted in one of the smallest acreage loss due to forest fires in the United States for the past 20 years.

## REPORT OF LEMPSTER TOWN FOREST COMMITTEE AND LONG POND FOR 1976

Some lot owners wishing to build on land formerly owned by Haverhill trust demanded that the town's title be cleared on that area so they could get loans to build. The services of the original surveyors, Messers Diehl and Breckenridge were required to verify the area involved and the County Records recorded an affidavit that the area involved one hundred acres more or less.

The Long Pond Committee built one new fireplace, repaired the old ones, bought two new tables, installed pins for horse shoes and repaired and painted toilets.

The road was sealed to the parking lot by the town and a town picnic was sponsored on July 4th for all residents of Lempster.

Forty thousand dollars was transferred to the Town Forest Trust fund.

## 1976 FIRE CHIEF'S REPORT

This year has been a very busy year for the Fire Dept. with an increase in fire calls from nine last year to fifteen this year. Surprisingly, chimney fires have gone down from six to four which may be a result of the Fire Department cleaning chimneys this year. Other fire calls have been in the areas of homes (3), brush (2), dump (2), downed power line (1), flooded oil furnace (1), car (1), and mutual aid (1).

Several took courses at the State Fire Training Schools in Laconia in the Spring and Keene in the Fall. Lempster joined with Unity for training by a Certified State Instructor on Basic Firefighting Review for eight nights in Unity. When we arrived for training one of these nights, we joined Unity fighting a home fire and found that the two departments work well together.

Several musters gave added practice in various phases of firefighting.

Chimney cleaning gave very practical ladder practice, while performing a useful service and raising funds for the department. Dances, concession stands, and participating in flea markets helped raise extra funds for equipment. We applied for a matching funds grant which was received and used to purchase a quick dump for the tanker and a 1600 gallon folding tank. This arrangement leaves water for fighting fire while the tanker is being refilled. Other equipment was purchased for more effective fire fighting.

Much time was spent maintaining and improving the equipment.

I want to thank each family for their efforts in maintaining and improving our department.

Respectfully submitted,

James B. Richards, Chief

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the Goshen-Lempster Cooperative Districts:

### ENROLLMENT . . .

The present number of students totals 134 in Grades 1-8. The pupil-teacher ratio is satisfactory except in Grades 4 and 5 where the teaching load of 32 students in a two-grade set-up is larger than desired.

Seventy students are attending high school: **2** at Claremont, **6** at Sunapee, **1** at Stratton Mountain, and **61** at Newport. One student is attending the Claremont Vocational Rehabilitation Center and another the Special Class in Newport.

A budget deficit has been caused by an increase of six tuition students this year. This has made it necessary to ask for a deficiency appropriation of \$4,500 to cover expenses for the school year 1976-77.

### PUPIL STATISTICS . . .

Increased enrollments have caused the School Board to take a look at the trend and try and predict the outlook for the future. School enrollment for the last five years may be of interest:

School Year	GRADES								Total	Tuition Gr. 9-12	Grand Total
	1	2	3	4	5	6	7	8			
1972-73	12	10	12	14	15	11	12	16	102	62	164
1973-74	12	13	12	15	15	20	13	16	116	61	177
1974-75	14	12	15	13	14	17	20	14	119	60	179
1975-76	13	15	11	20	15	18	17	24	133	53	186
1976-77	22	12	15	13	19	13	19	21	134	72	206

### SCHOOL PLANNING . . .

The School Board has wisely decided to begin some long-range planning to be prepared if enrollment continues to climb in the next several years.

A review of the school plant and program was made by Douglas Brown, Building Consultant, and John Economopoulos, Director of Elementary Services, both from the New Hampshire Department of Education. The school presently has a "Conditionally Approved" status in light of deficiencies in Guidance, Physical Education, and Certified Librarian standards. They indicated that classroom space was reasonably adequate for current enrollments but space for supporting services was limited. It was generally agreed that a continued enrollment increase would result in a classroom shortage.

The School Board met recently with Selectmen from both Goshen and Lempster to lay plans for gathering information relative to long-range planning.

### FINANCES . . .

Some mention of comparative school costs may be of interest:

Based on The 1975-76 school Year:

State Elementary Average	\$1,061 per pupil
Goshen-Lempster Elementary Average	\$ 715 per pupil

With 154 school districts in New Hampshire operating elementary schools, 145 had a higher per-pupil cost and 8 had a lower per-pupil cost in 1975-76.

## HANDICAPPED CHILDREN ACT . . .

P.L. 94-142 guarantees a free appropriate public education to all handicapped children. Special education and related services must be provided at public expense in the regular school - if possible. If not, school districts are liable for the costs of placing a child in private facilities. An individualized education program must be provided for each child.

Goshen-Lempster has two handicapped students in out-of-district schools this year and has budgeted funds to provide for three additional next year. This represents a substantial dollar amount which the Budget will reflect.

## BUDGET . . .

A need to budget for 14 more tuition students plus a substantial increase in tuition charges at each of the receiving high schools has caused a large increase in the 1977-78 Budget. Funds for a Special Education teacher are included to provide for handicapped students in a less expensive and more satisfactory manner than to pay tuition and transportation to a neighboring school district. Costs of other items reflect only normal increases.

## WARRANT . . .

A Deficiency Article calls for \$4,500 to pay the cost this year caused by an additional six tuition students than were included in the 1976-77 Budget.

A Capital Reserve Fund is requested for any balance at the close of any school year. These funds would be earmarked to be used for future school building plans.

Inserted by petition, another Article asks for \$10,000 to establish a Physical Education program and employ a Physical Education teacher.

## CONCLUSION . . .

The school program includes many educational projects and activities which are mentioned in the Report of the Head Teacher. Much credit is due the staff for their extra interest and concern in the welfare of the students.

John Bonfiglio replaced David Cronin, who resigned during the summer, as Head Teacher. I am pleased to report that Mr. Bonfiglio has been able to establish a good and reasonable working relationship with staff and students. I am sure this is appreciated by the School Board, Superintendent's Office, parents, and citizens.

Respectfully submitted,

Gordon B. Flint,  
Superintendent of Schools

## REPORT OF HEAD TEACHER

Winter and Spring of 1976 was a busy time at the Goshen-Lempster School. Mr. David Cronin, then principal, organized such activities as: assemblies conducted by 4-H exchange students who have been to various parts of the world; student participation in programs for the elderly at the Woodlawn Nursing Home; library related ventures to the Newport Public Library; an eighth grade educational field trip to Boston; softball games to be played against a neighboring school; the planning for and execution of graduation; and other wonderful activities for which our community is grateful.

The opening of the new school year found our staff partially changed with the replacement of Miss Ann Schroeder, fourth and fifth grade teacher, by Mrs. Kathleen Longnecker, who previously taught in Gorham, New Hampshire, and the replacement of Mr. David Cronin, sixth through eighth grade Social Studies and English teacher, by Mr. Stephan Harrison, employed last year by the Springfield School District. Those remaining from last year's staff are Mrs. Nancy Rickard, first grade; Miss Jan Bradeen, second and third grades; Mr. John Bonfiglio, sixth, seventh and eighth grade Math and Science; Mrs. Elizabeth Lohman, Library Aide; Mrs. Jan Struble, Art (one day per week); and Mr. Alan Peterson, Music (one day per week). Mr. and Mrs. Charles Newton, responsible for student transportation and building maintenance, and Mrs. Janie Miller, who provided us daily with well balanced meals, contribute to the rounding out of our daily activities.

Our federally funded Learning Disabilities Program under Title I, ESEA, was subject to a change in staff this fall as Mrs. Jean Walsh assumed the duties as Title I Coordinator with Supervisory Union 43. Miss Lisa Solbert is our new Learning Disabilities Instructor (shared with Newport), replacing Mrs. Therese Kramer. Miss Solbert comes to the Goshen-Lempster School once each week to test and work with individuals having learning problems. Mr. Ronald Purmort, our Learning Disabilities Aide remaining from last year's staff, works each day with our learning disabled students to help them overcome reading deficiencies; his efforts have been an indispensable asset to our scholastic function. Other related personnel who are new to us this year are Miss Snow Wakeman, our Remedial Reading instructor who comes to us twice weekly, and Mr. Keith Kendall, Home Visitor, who is available for home consultations.

Student health services are an important part of the school program. Mr. Thomas Maynard, representative of the Sullivan County Mental Health Clinic, meets with Mr. Alphonse Soucy, Teacher Consultant, and the teaching staff on a monthly basis to deal with any problems that might arise with individual students. Mrs. June Buck, our school nurse, visits the school periodically to conduct student examinations and consultations. These services are vital factors in creating a good social atmosphere within any school.

On the evening of November 3rd an Open House was held for the parents of students at the Goshen-Lempster School. The program began with an assembly of parents, students, school board members, administrative staff members, teaching staff, and P.T.C. members, at which student speakers and slides of daily school activities were presented. After the assembly, refreshments, appropriated by the P.T.C., were served, and parents visited with the teachers of their children in the respective classrooms where curriculum displays were exhibited. The large attendance was most encouraging, and the evening concluded with a feeling of satisfaction for all.

The individual efforts of the teaching staff, community members, and even the students themselves are important factors in making the school program click. All of those extras such as Mrs. Lohman's transporting students to other schools this past Fall to participate in book exhibitions and reviews, Mr. Peterson's entertaining Christmas assembly for and by the students, Mrs. Barbara Killoran's devotion of her valuable time as a volunteer sewing instructor, and the eighth grade's enterprises such as raffles and dances, not just for the fun but to raise money for their end of the year trip. These kinds of effort surely increase the quality of the school.

To better accommodate sixth, seventh and eighth grade student needs, our level capability program continued into the new school year with minor modifications. The crucial subject areas of Math and English were divided into four levels, providing for an advanced level beyond the usual eighth grade subject matter. Thus it is possible for a very capable eighth grade youngster to study English and Math at the ninth grade level, while an eighth grade student who has difficulty may study these areas at the seventh grade level. There is also individualization within each level. The program has been successful in eliminating frustrations within students forced to study at levels beyond them and has also been successful in providing opportunities for the very capable student. The success has been exemplified in the past two years by students leaving our school to attend the Newport High School with advanced standing and allowed to participate in tenth grade courses as ninth graders.

Strides toward progress in the Goshen-Lempster Cooperative School continue under the articulate direction of the School Board, the professional services of the Administrative Staff, the exuberant efforts of the teaching staff, and the enthusiasm of a community that understands its children's needs. May I congratulate them all.

Respectfully submitted,

John Bonfiglio, Head Teacher
